Please do Not

Would be Better.

Thank you.
Mrs. Roman

(1) Oppose any changes to the current FCC indecency standards that would allow TV & radio stations to broadcast expletive & nudity on public airwaves, even if "brief" or "fleeting". Impressionable children with Adult Sexual predators, rapists, etc could be watching or listening - we do NOT need indecency or lower standards - it would not serve the public interest. I urge the FCC to reject all proposals that would allow expletives and nudity on FCC-licensed stations. Please help protect and serve the public. Indecency serves no one!

Thank you.

Sincerely,
Mrs Helen Gressie

Ladies and Gentlemen:

Subject: Television viewing, namely, sex and language

Please, please clean up television programming. I guess I would like to go back to censored TV. What kind of people want to continue to corrupt people—especially our children? Children are engaging in sexual activities as young as 11. Now there are so many babies born, not only out of wedlock, but to children themselves. Parents or the Government have to support them. Keep the bedroom door closed! I do not want to hear profanity, sexual innuendos, intimate sexual sounds, see sexual behavior (whether they are heterosexual or homosexual), or hear put-down humor. Plus I think scenes and sounds in delivery rooms are **totally** unnecessary. The USA for the most part used to be a civilized nation but since the Simpsons, it seems to me that civility and good manners have disappeared. School teachers have had much more difficulty keeping order in their classrooms because the children are so disrespectful and threaten to sue the teacher if she or he tries to discipline them.

Television, Hollywood, and video games have too great of an influence on people. Perhaps some people actually request obscene behavior and language but thank God not everyone is a pervert. I am sick and tired of—absolutely disgusted—with seeing women's breasts! Having previously worked in law enforcement, voyeurism used to be a crime. Now we encourage it? Why? ***I truly believe that the conservative people (the majority of Americans) do not want to view provocative, crude, and rude behavior in our entertainment.*** Please insist that at least television programming be cleaned up.

I know people who have tried to contact the national offices of CBS, ABC, and NBC directly to request the things I have discussed. Contact has been impossible. Our broadcasting companies have the ability and power to be influences for good. Please help Americans become a civilized, hopefully even refined and dignified people again. People of so many other countries watch us, and we have become a bad influence worldwide. Many in some countries want to destroy us because they see us as a wicked people—even the devil. In my opinion since 9/11 our television programming and movies have gotten even more and more "obnoxious" which contributes to terrorists' judgments, motives, and actions.

Very truly yours,

Jennie Lundberg

Dear FCC Members,

Regarding GN Docket No. 13-86, I strongly believe you should continue to enforce the current policies on indecency on TV and radio. My husband and I do not want to see relaxing of the policies. We feel there is already plenty of leeway allowed and it serves no good purpose to allow more.

Thank you for your consideration in this matter.

Sincerely,

Jennifer MacNair
